Test login

This is a simple Login page. Students can use this page to practice writing simple positive and negative Login tests. Login functionality is something that most of the test automation engineers need to automate.

Use next credentials to execute Login:

Username: **student**

Password: **Password123**

Username

Password

Step: Entered password

Step: Clicked on submit button

Test login

This is a simple Login page. Students can use this page to practice writing simple positive and negative LogIn tests. Login functionality is something that most of the test automation engineers need to automate.

Use next credentials to execute Login:

Username: **student**

Password: **Password123**

Username
